POPULATION ESTIMATES

1974 - 2019 [Taiwan-Fukien Area]: Ministry of Interior, Republic of China (Taiwan). (2020). Table 2-01 Population by Single Year of Age, End of 1974-2019. Statistical Yearbook of the Interior. Retrieved 13 July 2020

(https://www.moi.gov.tw/files/site_stuff/321/2/year/y02-01.xls). (RefCode 51)

1974 - 1992 [Fukien Province]: Ministry of Interior, Republic of China (Taiwan). (2020). Population of counties and cities by sex and 5-year age groups, 1974-2019. Retrieved 5 October 2020 (<https://www.ris.gov.tw/app/portal/346>). (RefCode 52)

1974 - 1992 [Taiwan Area]: We derive population estimates for Taiwan Area by subtracting the estimated counts for Fukien province (RefCode 52) from the population estimates for Taiwan-Fukien Area (RefCode 51). The population counts for Taiwan-Fukien Area (RefCode 51) are given by single year of age, whereas the population counts for Fukien province (RefCode 52) are available only by 5-year age groups above age 5. Therefore, we estimate the distribution of the population in Fukien province by single year of age by assuming that the age distribution within each 5-year age group is the same as it is for the Taiwan-Fukien Area as a whole.
